Nelson College London Annual Statement for 2017

This is the Annual Statement for Nelson College London for the calendar year ended 31 December 2017. It shows the record of Nelson College London in handling complaints and appeals in that year.

Nelson College London joined the OIA Scheme in 2015. Comparison with data for 2015 should be considered in that context.

In this Annual Statement, median data for the OIA Band for Nelson College London has not been calculated. This is because the number of complaints that the OIA has received about providers in that OIA Band is small and median data would not provide a statistically meaningful comparison.

Student Numbers

Year	OIA Band i	Number of providers in OIA Band	Number of HE	Relevant data source	Relevant data period
2017	B	75	1267	Self-submitted	2014-2015

i OIA Band: This refers to the OIA subscription bands. See the relevant definition for more information.

i Number of HE students: This means students on these courses where the provider was brought into OIA membership by the Consumer Rights Act 2015; broadly this means providers which are not universities.

Completion of Procedures (COP) Letters issued

A student who has a COP Letter may not necessarily be unhappy with the outcome. Our [Guidance](#) on COP Letters says that providers should issue a COP Letter when they have upheld a complaint (or appeal), if the student asks for one. So it is difficult to compare "like with like".

Engagement with the OIA in 2017

This section includes general information about all providers' engagement with us in 2017. Where relevant, we include specific information about the individual provider as well.

Settlement of complaints made to the OIA

In 2017 we continued to look for opportunities to resolve complaints as early as possible. 9% of all the complaints we closed in 2017 were resolved by settlement.

Response times to our information requests

A key time frame for our review of a complaint is the time it takes for the provider to respond to our initial request for information that we need to review a case. In 2017, the average number of days providers took to respond to our request for this information was 28 days. In 2017, 8 providers took an average of less than 20 days. This is hugely helpful to us. However, 41 providers took on average more than 30 days to respond.

In 2017, we made 5 or more separate initial requests for information from Nelson College London. Nelson College London responded to those requests in an average of 0 days.

If a provider does not provide information we request during the course of our review, or does not provide it within the time limits set, the Independent Adjudicator may report it to the Board, and may publicise it in our Annual Report.

Compliance with OIA Recommendations

Where we decide that a complaint is Justified or Partly Justified we will usually make Recommendations to the provider. We expect providers to comply with our Recommendations fully and promptly. We monitor compliance carefully and the Independent Adjudicator must report a provider's non-compliance to the OIA's Board and publish it in our Annual Report.

Providers complied promptly with 93% of "student-centred" Recommendationsⁱ with due dates in 2017. On average, providers took 16 days to comply with "student-centred" Recommendations with a due date in 2017.

Outreach events

In 2017, we ran a wide-ranging outreach programme including seminars, webinars and visits by OIA staff to individual providers. We hope that these events proved useful and informative for our member providers.

i "student-centred" Recommendations These are recommendations which affect the individual student, such as a Recommendation for a rehearing or the payment of compensation. The OIA also makes “good practice Recommendations”, such as a Recommendation to change or review procedures.
